

Decora Style Wallplates >

Decora Style Wallplates are designed to fit standard decora style electrical cover plates in applications where voice and data ports are used instead of electrical outlets.

Available in two and four port configurations, Decora Style Wallplates utilize DataGate Jacks and single-position fiber and copper modules. Decora Style Wallplates are UL-approved and are rear-loading to resist tampering. Each wallplate comes supplied with alpha icons which are recessed when installed. Voice and data icons are also available. All icons are available in multiple colors to match DataGate Jacks and to assist in application recognition.

FEATURES AND ADVANTAGES

Utilize DataGate Jacks and single-position fiber and copper modules

Fit standard decora style electrical cover plates

Clear concise labeling

Rear loading to reduce tampering

Hinged screw caps prevent misplacement
