

Wall Mount Fiber Enclosure Unloaded 4 Position >

Molex 4 position wall mount fiber enclosures are configurable wall mount units for storing and terminating incoming fiber cable. The Wall Mount enclosures are available in two preconfigured styles accepting either 6-PAK or LGX118 adapter plate and cassette.

With high density/fiber patching and the convenience of cassette/adapter plates, the result is a unique combination of fiber density, ergonomics, durability and security in an aesthetically pleasing and cost effective wall mount enclosure.

FEATURES AND ADVANTAGES

Can be utilized with 6-PAK/LGX118 adapter plates and cassettes, which allow multiple fiber connector options and configurations

Two styles available, one accommodating x4 6-Pak adapter plates/cassettes another accommodating x4 LGX118 adapter plates/cassettes

Can be utilized with Universal Splice Tray (requires Universal Splice Tray Carrier Kit, sold separately). Accommodates x2 Universal Splice Trays

Divided and individually opened input and output demarcation areas

Rubber gasket to limit dust and moisture ingression

Top and bottom cable entry points

Durable steel construction

Keyed lock kit available to secure internal premise wiring of the enclosure

Available in black
